

When Murderers Become Saints (Community Forming Its Own) Act 9:19-22

*Jesus amazing and prophetic prayer: "Holy Father, keep them in thy name which thou hast given me, while I was with them I was keeping them in thy name and I guarded them..."
(Jn17:11,12)*

While God preserves us in many ways and shield us from dangers both known and unknown, we should never ignore that God answers the above prayer, remarkably, through his church. The church would endure because it would_____. The church does not leave its own to fend for themselves in a savage world.

The church needs special people, individuals fit for the special tasks needed to insure the survival of fellow Christians. It is imperative that you discover your "category of belonging" that helps insure the health of other believers and simultaneously solidifies the church's purpose in the world.

1) The Category of "First Responders"

2) The Category of "Courageous Protectors"

3) The Category of "Strategic Encouragers"

"...by the way, there's nothing to say you can't be all three or anyone of the three at any given time...!"
