Life Enrichment

What about today's teaching challenged, disturbed, or encouraged you?

- What is the most difficult aspect of prayer for you? Why do you think you struggle in that area?
- Why is it so difficult for people living in security and prosperity to see their situation as desperate? How can we begin to see the desperate nature of our current situation?
- Why do you think right motives are such an important aspect of prayer (see James 4:3 and Daniel 9:18b-19)?
- When have you questioned God? What questions did you ask? What emotions did you display? How did God respond?
- What are some of God's promises that you use in prayer? Why do you think it is important to rehearse His promises while praying?
- How might desperation change the way you pray and the way the church prays?
- In this hour, why is it important for Christians to settle for nothing less than Divine intervention?
