What about today's teaching challenged, disturbed, or encouraged you?

- If you are married, would you know what to order your spouse for dinner at a restaurant? Do you complete each other's sentences? Do you find yourself thinking the same things? What does this say about your relationship?
- What do these marriage questions have to do with our relationship with Jesus?
- How is it possible to see the Father when observing Jesus (Jn 14:9)? How are they alike? How are they unique persons?
- What are some ways the union of the Father and the Son inform our union with Jesus? When people see us, who should they also see? Why?
- Why is it so difficult to believe Jesus' promise "...whoever believes in me will do the works I have been doing, and they will do even greater things than these" (Jn 14:12)?
- What are the conditions for doing the "greater works" of John 14:12?
- What does it mean to "ask in Jesus' name?" How have people misunderstood this promise?
- How is it possible for us to ask what Jesus would ask when we pray?
- What are you planning to do this week to draw closer to Jesus?
